State Treasurer Frerichs Eclipses \$3 Billion In Investment Earnings for State Portfolio

*Another \$1.75 billion earned for cities, school districts through
Illinois Funds*

SPRINGFIELD – The State Treasurer’s Office has made more than \$3 billion in investment earnings from the state investment portfolio during Illinois Treasurer Michael Frerichs’ tenure.

An additional \$1.75 billion in gross investment earnings has been earned for cities, villages, school districts, counties and other units of government that take part in the highly rated Illinois Funds local government investment pool operated by the State Treasurer’s Office.

“Every dollar we make is a dollar that does not need to be raised in taxes,” Treasurer Frerichs said in announcing the financial accomplishments on Tuesday. “The earned income can be used to fix roads, repair bridges, purchase school supplies and invest in our local communities.”

Treasurer Frerichs is the state’s Chief Investment and Banking Officer. He is responsible for the state investment portfolio and an investment pool for units of local government called Illinois Funds.

The [state investment portfolio](#) is one of the primary duties of the Illinois State Treasurer’s Office. State legislators budget public money that is collected, but that money is not spent all at once. State agencies, boards and commissions require assistance managing their cash and investing all remaining funds. That's where the Office of the Illinois Treasurer steps in.

The Illinois Public Treasurers’ Investment Pool, called [The Illinois Funds](#), is a local government investment pool the State Treasurer’s Office runs for state and local government agencies. The program enables school districts, park boards, library boards, township governments and others to pool their money and invest in a safe, liquid investment vehicle that exceeds industry benchmarks. The Illinois Funds has received the highest rating of AAA from Fitch, a [national credit ratings agency](#).

Key monthly metrics and more are available in The Vault, the transparency website that allows Illinois residents to see how the State Treasurer’s Office is working for them. The site is at iltreasurervault.com.

About the Illinois Treasurer

The Illinois State Treasurer's Office is a powerful economic engine that invests in people to drive prosperity, development and growth throughout the state. As State Treasurer, Michael Frerichs (FRAIR'-iks) is the state's Chief Investment and Banking Officer and actively manages approximately \$55 billion. The investments help families pay for college and trade school; workers save for a dignified retirement; and local governments process bill payments more efficiently so they can pass along the savings to taxpayers. The office provides financial institutions money to loan to farmers, small business owners, and qualified individuals at below-market rates because better jobs create stronger communities. The office operates the state's largest consumer-protection initiative, the unclaimed property I-Cash program, which has returned a record-breaking \$1.9 billion since Frerichs was elected.
